

The Little Blue Bathroom Co.

The Little Blue Bathroom Co.

We have carefully put together a collection that suits today's bathroom design requirements.

Featuring both Contemporary and Traditional styled furniture with accompanying Sanitary and Brassware.

Our collection is the result of working with new and existing partners to enable us to provide all the elements to complete a project, including flooring, lighting and ventilation.

In collaboration with our partners we have several projects in various stages of development, all of which will enhance the offering in future months and years.

The aim of the collection is to have something for everyone and every budget, backed by our commitment to customer service.

One area we are especially excited about is our, new to market, offering of Minerva solid surface floating vanities that can also be matched to Minerva wall panelling.

If you're looking for a relaxing bathing time, we have the solution, from Traditional baths to Free Standing Acrylic baths to the opulence of a 100% Copper bath, you'll be sure to achieve that Zen moment.

Our enclosure collection offers every configuration and in a variety of colour options which can also be coordinated with matching taps and showers. From the smallest room to the largest, we've got a solution.

All products are of the highest quality with warranties to match for that extra peace of mind.

Bath Collection

A range of acrylic and Copper baths that have a natural, luxurious appearance that can enhance the overall look of a bathroom, making it feel more like a spa.

Luxury Acrylic Free Standing Baths

Our high quality European manufactured acrylic baths are available in a choice of 6 single skin free standing bath designs as well as a single ended and double ended conventional style of baths.

We have a range of waste covers and trim sets that will convert your chrome waste and overflows into beautiful black, brushed nickel or brass and complement our a variety of filling options so you can have the look you desire.

Luxury Brass and Copper Baths

Hand crafted and manufactured from 100% 16 gauge copper and brass these baths add opulence to your home. The Natural copper will patina with age enhance the authentic look of a truly natural product.

Copper is a super conductor of heat and the whole bath will warm to the water temperature making bathing an experience to savour. Complimentary brassware and shower sets complete this opulent look.

Shower Wall Panelling

minerva®

Minerva offers a stunning range of 6mm shower and bathroom wall panels that offer a simplistic alternative to conventional tiling.

Available in 12 solid surface decors, stylish and easy to keep clean, Minerva's seamless, solid joints means there is no unsightly grout staining inherent in conventional tiling.

Minerva's flawless finish is both hygienic, non-porous and stain resistant.

Minerva panels can be installed directly over existing tiling, saving both time and money.

Aquilo Ducting and Vent Cover

What is Korlok Flooring

Korlok is ideal for rooms where acoustics, uneven subfloors or preserving an existing hard floor is required. The built-in acoustic backing means there's no need for a separate underlay and the simple click-locking mechanism makes installation quick and easy.

Unlike laminate and wood flooring, Korlok is waterproof and ideal for kitchens or bathrooms prone to water spillages.

 (covers 2.742m²)
£142 25

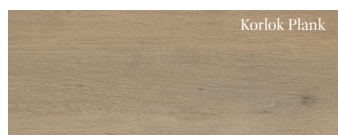

InteGrout™ eliminates the messy and time consuming grouting process entirely. Say goodbye to scrubbing and bleaching textured grout. The stain-resistant, smooth, and nonporous InteGrout™ is seamlessly attached to each tile in a shade to complement the design. The following Korlok floors include InteGrout™: Brunella Marble, Coastal Fog, and Black Sands.
